Kambiz Kamrani, MD, MS, FACS

Acute Care Surgeon · Banner Medical Group · Greater Phoenix, AZ

kambiz.github.io/cv · ORCID 0000-0001-7826-7328

PROFESSIONAL EXPERIENCE

Acute Care Surgeon, *Banner Medical Group*, Greater Phoenix, AZ — Aug 2020 – Present

Acute care and emergency general surgery, including robotic-assisted, laparoscopic, and open procedures.

POSTGRADUATE TRAINING

Transplant Fellow, *Mayo Clinic* — 2019 – 2020

General Surgery Resident, *Monmouth Medical Center* — 2013 – 2019

EDUCATION

M.D., *St. George's University* — 2009 – 2013

M.S., Biology, *California State University, East Bay* — 2006 – 2008

B.A., Anthropology, *University of California, Santa Cruz* — 2000 – 2004

MEDICAL LICENSURE

Arizona · Medical License #57305

California · Physician and Surgeon C · License #199343

CERTIFICATIONS

American Board of Surgery · Certificate #064995 — September 2019

Advanced Trauma Life Support (ATLS) · #3222138 — Valid July 2024 – July 2028

Basic Life Support (BLS) Provider · American Heart Association — Valid November 2025 – November 2027

OPERATIVE EXPERIENCE

243 cases as primary surgeon, January 11, 2025 – August 15, 2026 (about 153 a year): 98 in 2025, 145 in 2026 through August 15, and 212 in the most recent twelve months. Per-year figures average each count over the 1.6 years logged.

Laparoscopic	**187**	**≈117 / yr**
Cholecystectomy (one with cholangiography)	103	≈65 / yr
Appendectomy	68	≈43 / yr
Diagnostic laparoscopy	16	≈10 / yr
Robotic	**18**	**≈11 / yr**
Inguinal hernia repair	11	≈7 / yr
Ventral hernia repair	5	≈3 / yr
Other (umbilical hernia repair, diagnostic laparoscopy)	2	≈1 / yr
Open (top 5 shown)	**35**	**≈22 / yr**
Exploratory laparotomy	20	≈13 / yr
Perirectal abscess incision & drainage	8	≈5 / yr
Colectomy at laparotomy, including Hartmann procedure	7	≈4 / yr
Trunk abscess incision & drainage	5	≈3 / yr
Hartmann procedure	2	≈1 / yr

Source: operating-room case log. Robotic cases used the da Vinci 5 (12) and da Vinci Xi (6). Colectomy and Hartmann cases are also counted within exploratory laparotomy. Three cases logged without an approach are not listed.

PROFESSIONAL MEMBERSHIPS

Fellow, American College of Surgeons (FACS)

Society of American Gastrointestinal and Endoscopic Surgeons (SAGES)

PROFESSIONAL ACTIVITIES & SERVICE

Forensic Osteology Research Station (FOREST), Member — 2007 – Present

International Surgical Health Initiative (ISHI), Volunteer — 2016 – 2018
